ABOUT GENDER MAINSTREAMING

WHAT is Gender Mainstreaming

WHY Mainstream Gender in Energy Access

HOW ECREEE will achieve Gender mainstreaming in Energy Access

ECOWAS PROGRAM ON GENDER MAINSTREAMING IN ENERGY ACCESS (ECOWGEN)

The ECOWAS Programme on Gender Mainstreaming in Energy Access (ECOW-GEN) is another flagship programme being implemented by ECREEE with the objective to meet the Sustainable Energy for All (SE4ALL) goals in West Africa.

Established against the background that energy access, or the lack of it, affects men and women differently, and that the energy needs of both men and women sometimes differ, ECOW-GEN aims to factor in these differing needs in the planning and execution of clean-energy related interventions in the region to ensure a universal access to energy services.

ECOW-GEN is a product of the training organized, in partnership with the ENERGIA International network, on "Gender and Sustainable Energy", on 28 June 2012, in Dakar, Senegal. The expert-level training

ACTIVITIES ON GENDER MAINSTREAMING

Regional Workshop on the West Africa Clean Cooking Alliance (WACCA)

Conference on Energy and Gender in the Mano River Union

POLICY DEVELOPMENT

CAPACITY DEVELOPMENT
