de Madrid

Activities

Knowledge

Exchange knowledge on ammonia handling, safety, environment and technologies

Policy Influence

Ensure your voice is heard when the relevant EU policy is being developed

Certification

Shape and use our proprietary ammonia certification scheme

Networking

Access internal meetings and external events that connect you to the full ammonia value chain

Communication

Stay up-to-date with the latest ammonia developments through our insights

EU policy priorities for clean ammonia

2040 impact

	PRODUCTION	INFRASTRUCTURE	END USES	CROSS-CUTTING
Policies	<div> <div>  RED III </div> <div>  Chemicals Industry Action Plan (ongoing) </div> </div> <div> <div>  Gas Decarbonisation Directive </div> <div>  Energy Union package (Q3-4) </div> </div>	<div> <div>  Ports Strategy (Q1) </div> <div>  AFIR / AFIF (Q4) </div> <div>  CEF (TEN-E & TEN-T) MFF (Q4) </div> </div>	<div> <div>  STIP & Maritime Industrial Strategy (Q1) </div> <div>  IMO (Q4) </div> </div> <div> <div>  IAA (Q1) </div> <div>  FuelEU Maritime (2027) </div> </div>	<div> <div>  Climate Law (Q1) </div> <div>  Competitiveness fund & Decarbonisation Bank MFF (Q4) </div> </div> <div> <div>  CBAM (Q1) & ETS (Q3) </div> <div>  MFN (Q1) </div> </div>
Objective	Competitiveness of ammonia production	Rollout ammonia infrastructure	Stimulate clean ammonia demand	Level playing field and ecosystem support

Thank you for your attention
